

# Subject Assessment Plan – GCSE Chemistry (Separate Science)

## GCSE Separate Science Chemistry

Evidence collected already	Link to specification
End of unit assessment including Recent and past questions from WJEC	Chemistry Unit 2.5 Crude oil fuels and carbon compounds
End of unit assessment including Recent and past questions from WJEC (if needed)	Chemistry Unit 2.1 Bonding and Structure
End of unit assessment including Recent and past questions from WJEC	Chemistry Unit 2.2 Acids Bases and Salts
Evidence to be Collected	
End of unit assessment including Recent and past questions from WJEC	Chemistry Unit 2.6 Reversible reactions
	Unit 2 assessment Chemical bonding, application of chemical reactions and organic chemistry (Higher tier)
